

## CORPORATE OVERVIEW

Headquartered in Mansfield, Massachusetts, North Atlantic Internet is recognized as the leading Super-Regional, Tier 1 Network Services Provider spanning the Northeast corridor. We support enterprise initiatives by focusing exclusively on IP solutions for business continuity and mission critical applications. In today's increasingly complex online world, we remain committed to maintaining our "focus." We are not distracted from our core competency with voice or residential services. To us, delivering business only data solutions is first and foremost. As a result, we do one thing and we do it better than anybody.

For more than eight years, our people and the integrity of our infrastructure have provided small to medium sized enterprises with a solid foundation for continued growth. The North Atlantic Internet team is comprised of dedicated associates who possess strong IP expertise. Our team looks to align with your enterprise and assesses your organization's requirements, so that we can deliver scalable, business continuity solutions that will meet your enterprise's IP needs now, and tomorrow. North Atlantic Internet looks to maximize application efficiencies and delivers the highest customer satisfaction within the industry.

We realize that time-to-market is a critical factor for success in today's global economy. As a Network Services Provider we deliver more than Internet access. We provide a virtual extension of your network infrastructure, allowing you to leverage the latest technology and turn it into a competitive advantage. Our products, services, and infrastructure enable you to gain the edge, so that your enterprise will be rewarded with increased market share and higher profits.

At North Atlantic Internet, we recognize the specialized needs of the SME market. We draw upon our best practice processes and core-value of customer focus to deliver leading edge solutions. North Atlantic Internet is dedicated to helping enterprises transform their businesses to achieve success.
